INTEGRATION

SUPPLY

At APS we are a trusted and reputable distributor of industrial products, specialising in supporting clients who operate in remote locations.

For over 15 years we have been providing tailored solutions to meet the unique needs of the mining, energy, construction and industrial sectors

We offer a comprehensive range of supplies, including safety equipment, tools, hardware, plumbing, building materials, and general industrial consumables.

At APS, we see ourselves as a true partner in your success. Our team not only understands the challenges you face but also brings real-world experience to the table, ensuring we can genuinely help. We're committed to delivering fast, reliable solutions that keep your operations running smoothly, with tailored strategies that meet your exact needs. You can trust us to be there every step of the way, providing the right solutions on time, every time.

Solve → Simplify → Streamline.

WHY CHOOSE APS ?

EXPERIENCE

Years of supplying to mining, infrastructure, and industrial projects means we know what works, what lasts, and how to get it to you without costly setbacks. Our team navigates specifications, compliance, and supplier networks so you get exactly what you need, the first time.

CONVENIENCE

From order to delivery, we take the complexity out of procurement. Juggling multiple vendors? Operating in remote locations? Require special packaging? As your trusted partner, we handle everything from consolidation to packaging and shipping, meaning your team only needs to coordinate with one point of contact.

EFFICIENCY

Managing multiple vendors takes time and resources, resulting in unnecessary delays and costs. Our streamlined supply process keeps your operations moving, with consolidated orders, reliable freight, and tracked delivery consignments. We go the extra mile to ensure all materials arrive on time, in full, allowing you to direct your focus on executing your core operations efficiently.

7 REASONS TO WORK WITH US

- One Point of Contact**
 Streamline communication with a dedicated team that understands your business.
- Trusted Expertise**
 A team with deep industry knowledge, built to support your goals and scale with you.
- Tailored Solutions**
 We work with you to understand your challenges and provide fit-for-purpose solutions.
- Reduced Complexity**
 Fewer vendors, fewer touchpoints, less administration –more time to focus on your operations.
- Consolidated Supply**
 All your operational requirements managed through a single, simplified process.
- End-to-End Handling**
 From sourcing to packaging and delivery—we manage every step so you don't have to.
- Reliable Delivery**
 On-time, complete consignments—reducing downtime and ensuring continuity.

Placing an order with APS is quick and easy...

one call → one order → one delivery.

CIVIL CONSTRUCTION

Mortars & Grouts	12
Sands & Mulches	13
Concrete Placement & Precast	13
Formwork	14
Drainage	14
Geosynthetics & Geomembranes	15
Corrosion Control	15
Fencing	16
Gates	17
Waterproofing	19

MORTARS & GROUTS

A comprehensive range of industrial cements and grouts for all applications.

- ✓ Wide range of grouts
- ✓ Wide range of mortars
- ✓ Wide range of concretes
- ✓ Sand & cement mix
- ✓ Floor leveller
- ✓ Concrete repair
- ✓ Epoxy grouts
- ✓ Pave n'lock

SANDS & MULCHES

Range of sands and mulches in convenient 20kg or bulk bag sizes.

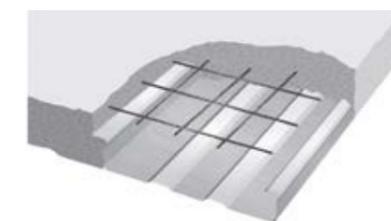

- ✓ Dried white sand
- ✓ White sand
- ✓ Bricks sand
- ✓ Plastering sand
- ✓ Easy screed
- ✓ Asphalt cold mix
- ✓ Cracker dust
- ✓ Blue metal
- ✓ Mulches

CONCRETE PLACEMENT & PRECAST

A composite steel formwork reducing your need for concrete and propping.

The smart alternative to traditional composite slabs promising to save you time, effort and money. A wide range in profiles available.

FORMWORK

Wide range of formwork and related LVL (Laminated Veneer Lumber) for concrete placement applications.

Steel reinforcing mesh is stocked in square ribbed mesh sheets 6m long x 2.4m wide.

DRAINAGE

Turf Reinforcement and Gravel Reinforcement Mat System:

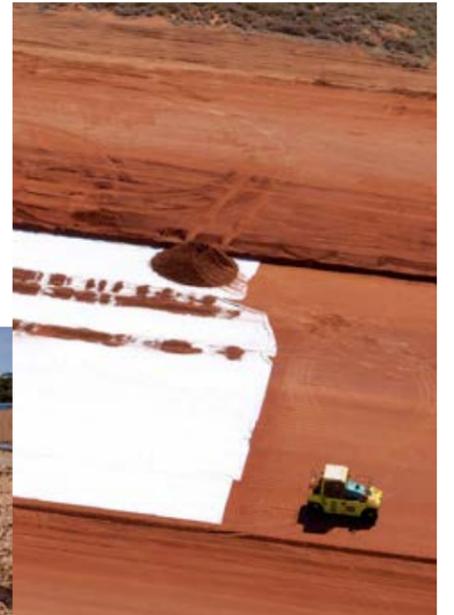

- ✓ Open grid mat provides over 90% root development area and 100% grass cover.
- ✓ Grid is flexible and will follow land contours.
- ✓ Easy to Shape around sprinklers and valve boxes
- ✓ Eco-friendly
- ✓ Easy and fast to install

GEOSYNTHETICS & GEOMEMBRANES

We provide a full suite of geosynthetic products including:

- ✓ Clay Liners
- ✓ Sub-base reinforcements
- ✓ Slope reinforcement
- ✓ Pipe drainage systems
- ✓ Sheet drainage systems
- ✓ Tank detention systems
- ✓ Woven geotextiles
- ✓ Nonwoven geotextiles
- ✓ Geonets
- ✓ Silt bags
- ✓ Erosion control blankets
- ✓ Silt fence
- ✓ Wick drains
- ✓ Dewatering tubes

CORROSION CONTROL

We offer effective solutions to corrosion prevention, sealing and waterproofing problems for buried, submerged or exposed steel and concrete pipes, tanks and structures.

FENCING

We supply a wide range of fencing options to suite different applications, from site security and boundary protection to pool safety and livestock management. Our fencing products are selected for their durability, compliance, and reliability, ensuring you have the right solution for your site.

Colourbond

- ✓ Rust resistant
- ✓ Wide range of colours
- ✓ Strong and long-lasting
- ✓ Weather resistant

Live Stock

- ✓ Controls live stock access
- ✓ Star pickets provided
- ✓ Durable for remote locations

Pools

- ✓ Meets safety regulations
- ✓ Improves visibility
- ✓ Durable and weather resistant

Security

- ✓ Deters unauthorised access
- ✓ Enhances safety
- ✓ Durable in harsh conditions
- ✓ Secures restricted zones

Chain Mesh

- ✓ Customisable options to suit pedestrian, vehicle or rail access
- ✓ Easy maintenance

Garrison Fencing

- ✓ Strong welded steel panels with anti-climb vertical bars
- ✓ Powder coated finish for durability
- ✓ Available in various heights and designs

GATES

From pedestrian entry to vehicle and rail control, we supply a full range of gates and access control solutions, reliable for every application.

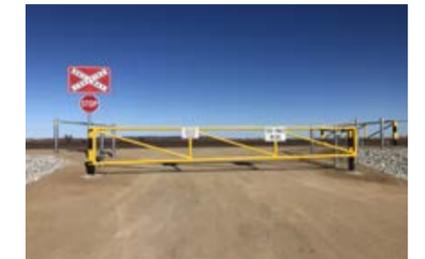

Road Access Gates

- ✓ Manages vehicle access to restricted areas
- ✓ Available in 6m, 8m and 10m
- ✓ Improves site security

Personnel Gates

- ✓ Controlled pedestrian access
- ✓ Compact and secure
- ✓ Safety compliance with restricted areas

Rail Access Gates

- ✓ Controlled entry to rail corridors and maintenance areas
- ✓ Keeps unauthorised personnel out of high risk rail zones
- ✓ Designed to withstand industrial applications

Swing & Slide Gates

- ✓ Ideal for securing large openings
- ✓ Options to use for manual or automated purposes
- ✓ High security built to prevent forced entry

Manual Boom Arms

- ✓ Traffic control for LV access
- ✓ Available up to 8m
- ✓ Fixed base

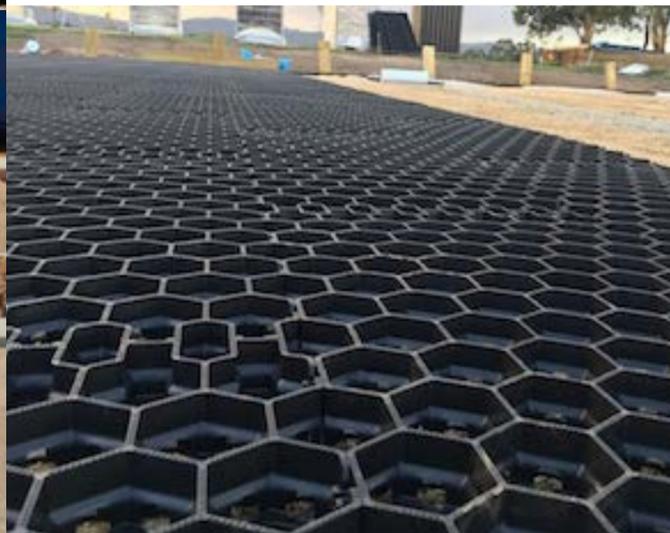

FEATURED PRODUCT

THE GEOHEX™ EROSION CONTROL SYSTEM

The GEOHEX™ Erosion Control System is a unique and innovative ground stabilisation technology that is easy to use and quick to install.

- ✓ Reinforces construction roads and sites
- ✓ Safe and cost effective substitute for concrete
- ✓ Made from 100% recycled plastic
- ✓ Environmentally friendly (100% recycled co-polymer polypropylene)
- ✓ Lightweight design
- ✓ Increases ground stability
- ✓ Saves water
- ✓ Designed and manufactured in Australia to ISO9001:2014 standards

WATERPROOFING

A comprehensive range of world class waterproofing solutions and systems from below ground to high above it, including:

- ✓ Cementitious waterproofing
- ✓ Drainage cells and protection boards
- ✓ Liquid applied membranes
- ✓ Primers
- ✓ Sheet membranes
- ✓ Torch applied membranes
- ✓ Waterproofing accessories
- ✓ Waterstops

MINING

Chute Equipment	22
Conveyor Equipment	22
Site Safety	23
Wear Products	24
Water Management	25
Workshop Equipment	26
Traffic Management	26
Site Facilities	27

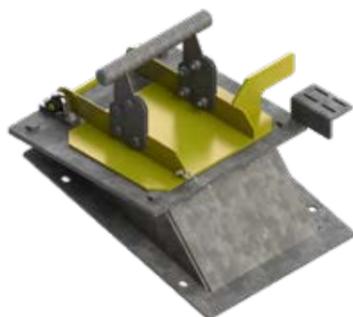

CHUTE EQUIPMENT

Chute Inspection Doors

- ✓ Safe and efficient viewing
- ✓ Provide access to chutes and hoppers.
- ✓ Minimising hazards associated with working at heights and areas of confined space.

Blocked Chute Detector

- ✓ Safe chute inspection provide access for internal chute and hopper maintenance.
- ✓ Non contact sensor for real time detection of raw material blockages to minimise downtime and prevent material overflow.

Block Chute Detector type 2

- ✓ Suits chutes handling processed materials.
- ✓ Prevents build-up, ensuring consistent detection.

CONVEYOR EQUIPMENT

Dustex

- ✓ A premier dust control product, has been developed specifically for road stabilisation and dust control applications

Conveyor Dust Suppression Module

- ✓ Designed to effectively manage dust control in mining and material handling operations.

Belt Drift Switch

- ✓ Detects early misalignment when conveyor belt strays off-track, reducing risk of damage or downtime.

SITE SAFETY

BOLLARDS

Prevent ram-raiding and ensure that your commercial or industrial property is thoroughly protected with steel bollards.

Moveable Bollard

- ✓ Moveable for temporary barricading
- ✓ Size options:
 - 60mm - Pedestrian
 - 165mm - Light Vehicle

Inground Bollard

- ✓ Permanent protection of site infrastructure
- ✓ Size options:
 - 220mm - Light Vehicle
 - 320 mm - Heavy Vehicle

Removable Bollard

- ✓ Removable to provide access point for authorised vehicles
- ✓ Size:
 - 165mm - Light Vehicle

Personnel Bollard

- ✓ Fixed bollards designed to guide foot traffic and vehicle exclusion
- ✓ Size:
 - 115mm

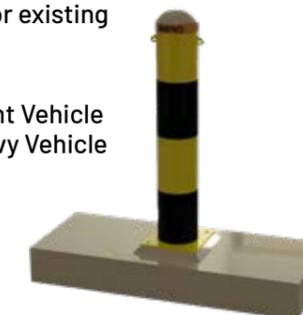

Heavy Vehicle Bollard

- ✓ Provides access management for heavy vehicles and machinery in mining and infrastructure.
- ✓ Size options:
 - 450/115 mm
 - 500/165 mm

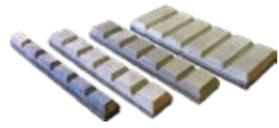

Bolt Down Bollard

- ✓ Fixed for vehicle management for existing infrastructure.
- ✓ Size options:
 - 220mm - Light Vehicle
 - 320mm - Heavy Vehicle

WEAR PRODUCTS

Chocky Bars

- ✓ Easy to use and require no excessive cutting, compared to sheets or plates.
- ✓ Can be formed onto inner or outer contoured surfaces providing an extra level of wear protection on buckets.

Wear Buttons

- ✓ Wear buttons are easy to use and install.
- ✓ Provide added protection for your machine parts.
- ✓ Experience extensive wear and impact.

Side Cutters

- ✓ Bolted to the side of excavator buckets and protrude outwards.
- ✓ Assists with protecting the bucket from wear
- ✓ Cuts the side wall of trenches.

Cutting Edges

- ✓ Used for General construction, finishing grading and road maintenance
- ✓ Superior penetration and rolling action for intensive grading work.

Wear Plates

- ✓ Strength, hardness and guaranteed toughness.
- ✓ Suitable for a wide range of designs and products.
- ✓ Available in tubes and round bars.
- ✓ Locally available.

Polyurethane Wear Liners

- ✓ Better Unloading
- ✓ Cut to specification
- ✓ Easy Installation
- ✓ Less welding work
- ✓ Fewer fixing elements

UHMWPE

- ✓ Low density and easy machinability
- ✓ High toughness (also at low temperatures)
- ✓ Very good electrical and dielectric properties
- ✓ Very low water absorption
- ✓ Good protection against stress cracking

WATER MANAGEMENT

Truck Fill Standpipes

- ✓ RAPIDSTAND®'s patented design provides a single operation deployment
- ✓ No crange or EWP's required.

RAPIDSTAND™

Water Pumps

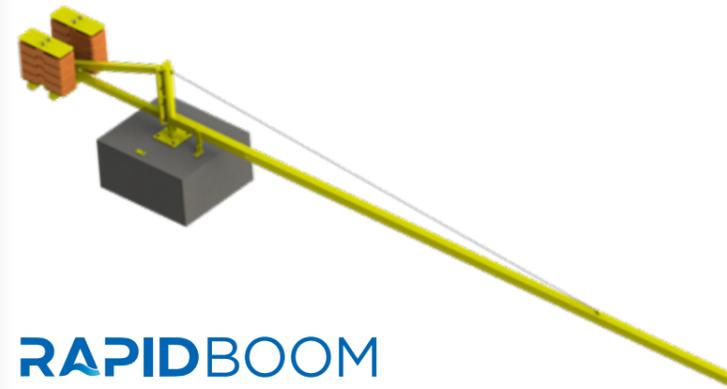

- ✓ 3", 4", 6", 8", 10" Diesel Driven Water Pumps RAPIDFLO.

RAPIDFLO

Turkey Nest Level Sensor

- ✓ Turkey nest water level sensor support boom arm
- ✓ Pivots 180 degrees for access to level sensors
- ✓ Heavy-duty, fast-deploying boom arm
- ✓ Available in 8m and 13m

RAPIDBOOM

Hose Tidies

- ✓ Optimise efficiency, prevent tangles, and safely store your water hoses.
- ✓ Handrail or post mount

WORKSHOP EQUIPMENT

Plate Rack

- ✓ Compact Vertical Design
- ✓ Suitable for sheet materials or steel plates
- ✓ Sizes up to 1500 x 3000mm
- ✓ Australian made

Work Trestles

- ✓ Rated to 500kg and 1000kg.
- ✓ Easily folds for convenience and transportation.
- ✓ Strong and durable powder coated metal construction.
- ✓ Australian made.

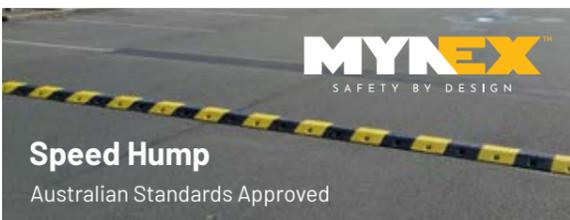

TRAFFIC MANAGEMENT

Boom Gates

- ✓ Built for Light Vehicle Access with a durable LVA base.
- ✓ High-visibility control for site entry and exit.
- ✓ Tough, reliable design for remote conditions.

SITE FACILITIES

Enerhub

- ✓ One-person site office
- ✓ Space for computer, desk or storage
- ✓ Doesn't rely on mains connection.
- ✓ Glass or solid doors available

Hydrasafe

- ✓ S1000 Eyewash & Safety Shower Station
- ✓ Operates in harsh, remote conditions without the need for mains connection.

Hydrasite

- ✓ Hydration Pod
- ✓ Built to operate and withstand the harshest environments
- ✓ Hassle free source of drinking water.

Jilapac

- ✓ 100% Spring Water in single use 1000L pods
- ✓ Australian made.

APPLIANCES

Heating & Cooling	30
Air Curtains	30
Fridges & Freezers	31
Kitchen Appliances	32
Ice Machines	32
Entertainment & IT	34
Water Dispensers	34
Wear Laundry Appliances	35

HEATING & COOLING

Wide-range of Air Conditioning systems including: Single Split systems, portable and Window/Wall Reverse Cycle or Cool Only. Options available:

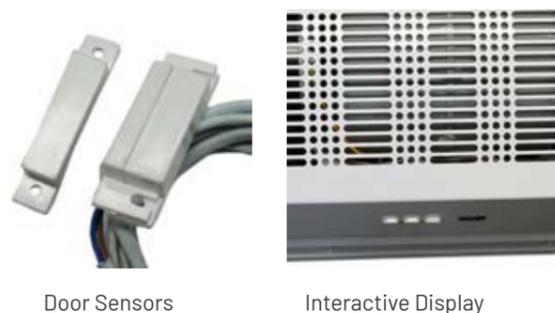

- ✓ Exceptional Energy Efficiency
- ✓ Auto Swing
- ✓ Built-in Wi-Fi
- ✓ Long Distance Air Flow
- ✓ High Density Filter
- ✓ Clean Indoor Self Cleaning

AIR CURTAINS

Various models available from 900 to 1800mm wide offering 3 to 5m air flow:

- ✓ Wireless Remote
- ✓ Maintain warmth in winter or retain cool in summer
- ✓ Reduces infiltration of outside air
- ✓ Reduced operating costs of air conditioning equipment
- ✓ Acts as a barrier against bugs and insects
- ✓ Requires minimal space above a door or opening (<300mm)

FRIDGES & FREEZERS

Fridges

- ✓ Single Door
- ✓ Side by side
- ✓ Top mount
- ✓ Bar Fridges
- ✓ Glass Door Fridge

Freezers

- ✓ Vertical Freezer
- ✓ Upright Freezers
- ✓ Chest Freezers
- ✓ Counter Freezers
- ✓ Under Counter Freezers

KITCHEN APPLIANCES

birko

Pie Warmers

- ✓ Capacity 50/100 pies
- ✓ Stainless Steel & Glass
- ✓ Temperature control

apuro

Toasters

- ✓ 6 Slices to Roll out up to 600 slices p/hour
- ✓ Commercial quality
- ✓ Removable stainless steel crumb tray

winterhalter

Sandwich Press/Contact Grill

- ✓ Cooking area 210x226
- ✓ Temperature Range 100°C to 300°C

HOBART

Dishwashers

- ✓ Undercounter Warewashers
- ✓ Hood Type Dish & Glass pass through washers

ICE MACHINES

Ice Maker

SXU40

- ✓ Capable of producing 40 Kg of ice per day
- ✓ Storage capacity of 13 Kg.

Self Contained Ice Maker

SC500B

- ✓ Capable of producing 575 Kg of ice per day
- ✓ Storage capacity of 320 Kg / 400 Kg

Ice Dispenser

IMD-120

- ✓ Capable of producing 120 Kg of ice per day
- ✓ Storage capacity of 5 Kg.

Ice Maker

ID-150

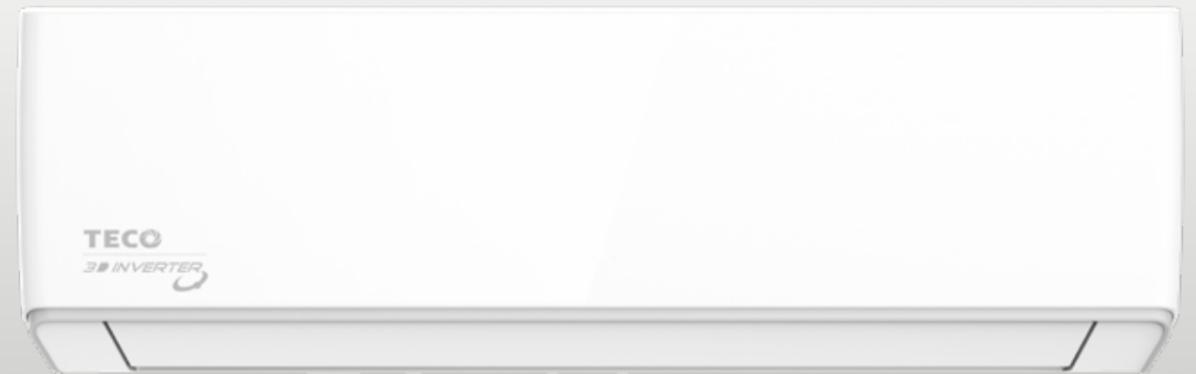

- ✓ Capable of producing 5 Kg of ice per minute
- ✓ Storage capacity of 65 Kg.

AIR-CONDITIONING

DAIKIN TECO

PLATINUM-3D SPLIT-SYSTEM

The Platinum 3D series: Outstanding performance, energy efficient and eco-friendly features

- ✓ Exceptional Energy Efficiency
- ✓ Built-in Wi-Fi
- ✓ Long Distance Air Flow
- ✓ High Density Filter
- ✓ Sleep Mode
- ✓ 4 Way Auto Swing
- ✓ Interactive Digital Display

23

ENTERTAINMENT & IT

TV & DVD Combo

- ✓ Various sizes
- ✓ HD LCD/LED
- ✓ Full HD LCD/LED

WATER DISPENSERS

Triple rainwater filter system

- ✓ Kills 99% of bacteria
- ✓ Reduces sediment, chlorine, bad taste & odour
- ✓ Works on mains and rainwater supply
- ✓ Suitable for outdoor installation

Designer tap

- ✓ LED & soft touch panel
- ✓ Brushed Nickel

Water fountain

- ✓ Hygienic
- ✓ Stainless steel case
- ✓ Filtered
- ✓ 35Lph, 175 cups/hour

LAUNDRY APPLIANCES

Washing Machines

- ✓ Especially designed for small businesses
- ✓ Large capacity
- ✓ Multiple Wash Programs

- 1 8kg Electrolux myPRO Smart Prof Washer WE170P
- 2 9kg FAMILY Front Load Washer TWM90FBG

Clothes Dryer

- ✓ Larger drying load capacity
- ✓ Built with commercial components and last nearly six times* longer than domestic washers

- 3 12kg Electrolux myPRO XL Smart Prof Tumble Dryer TE1220E
- 4 8kg Auto Sensing Heat Pump Clothes Dryer TCD80ASHAG

ELECTRICAL

Plugs & Sockets	38
Industrial Switch Gear	38
Instrumentation	39
Enclosures	40
Cable	41
Cable Management	41
Solar	42
Control & Drives	43

PLUGS & SOCKETS

Plug tops and sockets

- ✓ Current ratings from 20 to 50 Amps
- ✓ Typical applications include: Commercial / Industrial, Manufacturing, Temporary power and Mobile machinery and equipment

Socket Outlets

- ✓ Current rating range of 20 to 50 Amps.
- ✓ Typical applications include: Commercial / Industrial, Manufacturing and Temporary power

Ceeform Plugs

- ✓ Ceeform plugs and sockets
- ✓ Suitable for most indoor and outdoor applications.
- ✓ Current ratings from 16 to 125 Amps

Ceeform Switched Outlets

- ✓ The J34 is an Interlock, Switched Outlet
- ✓ Suitable for indoor and outdoor

INDUSTRIAL SWITCH GEAR

Circuit Breakers and Switches

- ✓ Air Circuit Breakers - ACBs
- ✓ Molded Case Circuit Breakers - MCCBs
- ✓ Miniature Circuit Breakers - MCBs
- ✓ Switch-disconnectors and fuses
- ✓ Source Changeover Switches
- ✓ Interfaces and Gateways
- ✓ Residual Current Relays for Earth Leakage Protection
- ✓ Motor Circuit Breakers and Switches
- ✓ EasyPact circuit breakers and switches

Disconnectors

- ✓ Safety switch-disconnectors to isolate and control motors up to 175 A (90 kW / 400 V)

Isolators

- ✓ Various sizes to suit various Poles, Amps and Volts.

INSTRUMENTATION

Multi Function Water Quality Meters

The Lutron WA-2015 is equipped with a comprehensive set of probes designed for accurate measurements of PH/ORP, Conductivity/TDS, and Dissolved Oxygen

Lutron Turbidity Meters

Monitoring water quality in a range of applications: Municipal water, Drinking water, Swimming water, Wastewater treatment, Industrial processes, Environmental Monitoring, and Research on aquatic ecosystems.

Chlorine Meters

The Lutron CL-2006 is a versatile instrument designed to measure both free and total chlorine levels accurately

PH Meters

The Lutron PH-230SD is a user-friendly pH meter that doesn't need any special software for operation

Conductivity Meters

The Lutron CD-4316SD is a high quality conductivity

Handheld Oxygen Meters

The Lutron DO-5510HA is your go-to handheld device for measuring oxygen levels with precision

Vibration Sensors

- ✓ Two switching outputs for pre-alarm and main alarm
- ✓ Integrated history memory with real-time clock to monitor, display and record values
- ✓ Scalable analogue current output for vibration velocity

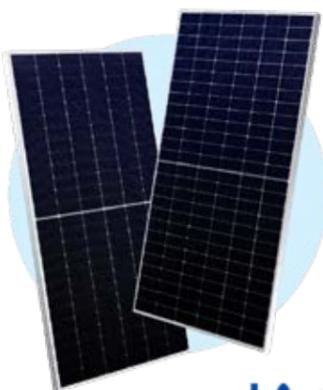

Process sensors / Fluid sensors

- ✓ Pressure sensors
- ✓ Vacuum sensors
- ✓ Level sensors
- ✓ Flow sensors / meters
- ✓ Temperature sensors
- ✓ Analytical sensors

SOLAR

Solar panels

Inverters

Regulators / MPPTs

Cable

DC Isolators

Racking/Mounting Hardware

Battery Isolators, Batteries & Battery Storage

CONTROL & DRIVES

Variable Speed Drives and Soft Starters

- ✓ A solution for every application
- ✓ Improve the life of your assets
- ✓ Deliver energy efficiency savings

Controllers

- ✓ Contactors and Protection Relays
- ✓ PLC, PAC and Dedicated Controllers
- ✓ Enclosures and Interface, Measurement and Control Relays
- ✓ Accessories
- ✓ Industrial Communication
- ✓ Power Supplies, Power Protection and Transformers

FEATURED PRODUCT

PIPE SUPPORTS

INSULATED U-BOLTS

- ✓ Galvanised carbon steel
- ✓ Neoprene insulation is petrochemical resistant
- ✓ Tufnol base insulation
- ✓ Custom versions and additional sizes available on request
- ✓ Manufactured in Australia

RUBBER PRODUCTS

Marine Fenders - Fixed & Floating

- ✓ Super Abrasion Resistant Fenders
- ✓ Cylindrical Fenders
- ✓ Extrusions
- ✓ Composite Fenders
- ✓ Heavy Duty Molded Fenders
- ✓ Fender Bars
- ✓ Marine Protection Plates
- ✓ Ramp and Cope Protections
- ✓ Shear Fenders
- ✓ Tug Fenders and Cylindricals
- ✓ M / W-Fenders
- ✓ Keyhole Fenders

Rubber Sheet & Extrusions

- ✓ Insertion Strip
- ✓ Conveyor Belt
- ✓ Anti-Abrasive
- ✓ Skirting Rubber

Cutting service available for custom sizes & shapes

Cylindrical, Extruded & Composite

Typical Applications are HVAC Systems, Crushers and Conveyors, Gen Sets and Compressors

- ✓ Antivibration Mounts
- ✓ Buffers and Pads
- ✓ Engine Mounts
- ✓ Drive Couplings

EXTRUSIONS

- ✓ Pinch weld Door Seals

Plumbing	59

CLADDING & LINING

Lining Boards

- ✓ Ideal for walls and ceilings
- ✓ Various wood types and finishes
- ✓ Various sizes to suit

Structural Plywood

- ✓ Domestic and light commercial
- ✓ Structural and decorative applications
- ✓ Range of widths, lengths, thicknesses and grades

Plasterboard

- ✓ Suitable for residential and commercial applications
- ✓ Quick and simple to install
- ✓ Various sizes available

White Polyester Plywood

- ✓ Ideal for interior applications
- ✓ Premium gloss or matte finish.
- ✓ Various sizes available

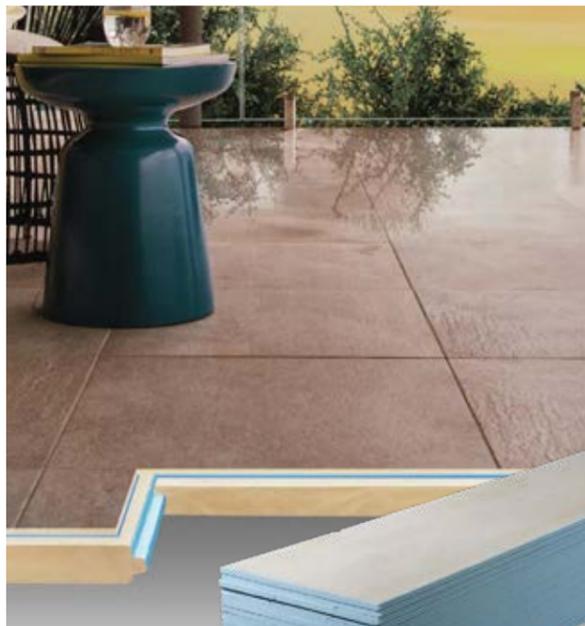

Decorative Plywood

- ✓ Typically used for Ceilings, walls, lining and cabinet making
- ✓ Range of widths, lengths, thicknesses
- ✓ Various patterns available

MASONRY

Compressed Fibre Cement Sheetting

For enduring construction, fibre cement is preferred to particle board and plywood for exterior subfloors and suspended floors.

- ✓ Sealed on all sides for additional moisture resistance
- ✓ Mesh reinforcement on underside for strength and impact resistance
- ✓ Up to 30% faster to install than compressed fibre cement (CFC)
- ✓ Tongue and groove fibre cement flooring for tiled balconies and decks

FLOORING

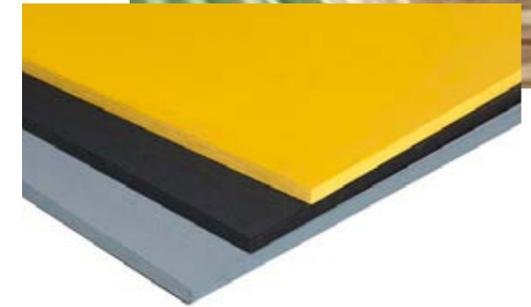

Tongue & Groove Plywood Flooring

- ✓ Made from a renewable resource
- ✓ Plywood is kilo for kilo stronger than steel.
- ✓ Plywood Flooring H3 Treated
- ✓ Strong and stable, with a pre-sanded C-grade face panel
- ✓ Available in a range of thicknesses
- ✓ Suitable for structural and non-structural flooring.

Anti-Slip Plywood

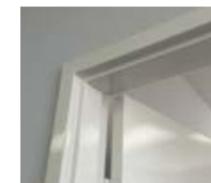

- ✓ Special Anti-Slip surface on one side
- ✓ Phenolic film on the reverse side for moisture protection in wet or moist areas in exterior use.
- ✓ Range of colours, sizes and thicknesses as well as cut to size panels.

DOORS & WINDOWS

Metal Door Frames

- ✓ Various sizes available
- ✓ Frames types: Square Bend, Metro, Shadow Line, Dry Wall, Flush finish & Split

Prehung Metal Clad Doors & Frames

- ✓ Escape function compliant
- ✓ Quality Carbine knob/lever lockset
- ✓ Customisable options available

Aluminum Framed Windows

- ✓ Optional frames available: Sliding, awning, fixed, gas strut, bi-fold, louvre, double hung or casement

Solid, Hollow Core & Metal Clad Doors

- ✓ Perfect for warehouses, factories, apartments and shopping centres
- ✓ Ultimate security and protection from elements

Roller Doors & Shutters

- ✓ Made from BlueScope Colorbond® and Zinalume® steel.
- ✓ Made to fit almost any size
- ✓ Easy to install
- ✓ Quiet and smooth operation

ROOFING & WALLING

Trimdek / Trimclad Industrial Roofing & Walling

- ✓ Suitable for roofing & walling
- ✓ Ideal for commercial & industrial applications
- ✓ Long spanning capability
- ✓ Colorbond® steel colour range

Custom Orb / Corodek Multipurpose Roofing & Walling

- ✓ Suitable for roofing & walling
- ✓ Elegant, traditional appearance
- ✓ Custom lengths
- ✓ Colorbond® steel colour range

INSULATION

Wall Wrap

- ✓ Designed for use as both roof sarking and wall wrap
- ✓ Suitable for all roofs walls
- ✓ Acts as a barrier to air, radiant heat, moisture ingress and dust

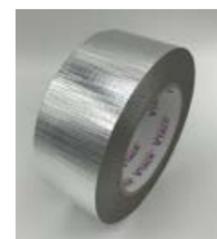

Insulation Batts

- ✓ Extremely versatile
- ✓ Rot-proof and provides sound protection.
- ✓ Environmentally friendly: made up of recycled glass

Reinforced Tape

- ✓ High Tensile Strength
- ✓ High Bond Adhesive
- ✓ Good Confirmability

Roof Blanket Insulation Rolls

- ✓ High thermal performance year-round comfort
- ✓ Sound absorbing
- ✓ Non-combustible
- ✓ Saves energy - lower energy bills

Permastop

- ✓ High thermal performance year-round comfort
- ✓ Saves energy - lower energy bills
- ✓ Sound absorbing
- ✓ Customised lengths

PAINTS

A comprehensive range of paints for all applications.

- ✓ Internal
- ✓ External
- ✓ Industrial
- ✓ Non Slip
- ✓ Marine
- ✓ Mechanical

FEATURED PRODUCT

DOORS

Specialist door manufacturers

When it comes to the safety and security of your assets, doors are the first and last line of defence. Our pre-hung door solutions keep your goods safe and secure inside industrial buildings, commercial developments, transportable buildings, modified shipping containers, sheds, and garages.

Shed and garage doors

Industrial entry doors

Tilt up panel doors

Commercial doors

Shipping container doors

Portable building doors

Custom doors

Sentry Access Doors

Double doors

Wind / cyclone rated doors

Custom sized doors

Wide Doors

PLUMBING

- ✓ PVC Pipe & Fittings
- ✓ Wastewater & Sewage
- ✓ Lift Stations
- ✓ Fire Risers & Hydrants
- ✓ Macerator Lift Stations
- ✓ Fittings (Grooved & Threaded)
- ✓ Cast & Steel Lids / Grates

STRUCTURAL STEEL

- ✓ Universal Beams & Columns
- ✓ Welded Beams & Columns
- ✓ Parallel Flange Channels
- ✓ Structural Angles

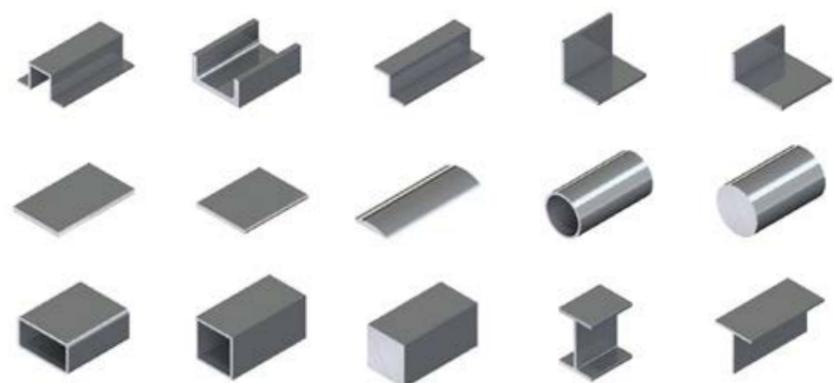

Applications:

- ✓ Engineering civil construction
- ✓ Residential & Non-residential building
- ✓ Mining infrastructure
- ✓ Transport and Manufacturing

STRUCTURAL ALUMINUM

- ✓ Equal Angles
- ✓ Unequal Angles
- ✓ Structural Angles
- ✓ Channels
- ✓ Flat Bars
- ✓ Round Rod
- ✓ Square Rod
- ✓ Half Rod
- ✓ Rectangular Tube Hollow
- ✓ Square Tube Hollow
- ✓ Z (Zed) Section
- ✓ Round Hollow Tube
- ✓ I Beam
- ✓ Tee Section

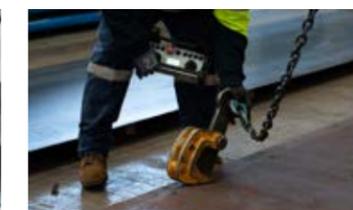

SHEET & PLATE

Steel plate

- ✓ Mild Steel Plate Grade 250
- ✓ Steel Plate Grade 350
- ✓ Laser Plate includes HA250 , LASERCUT & HA350

Steel sheet

- ✓ Hot Rolled (Blackform)
- ✓ Hot Rolled (Pickled and Oiled)
- ✓ Cold Rolled
- ✓ Galvanised, Zinc Coated and Painted

STRUCTURAL TIMBER

- ✓ H4 Laminated Posts

- ✓ Structural Plywood

- ✓ E-Beam LVL

- ✓ Structural Untreated Pine

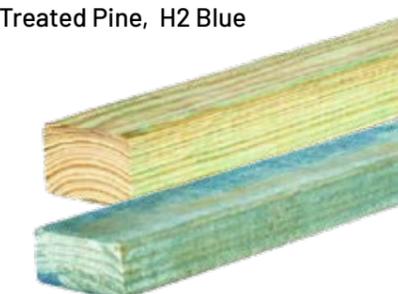

- ✓ Laminated Lumber

- ✓ Structural Treated Pine, H3
- ✓ Structural Treated Pine, H2 Blue

- ✓ Structural Treated Pine, T2

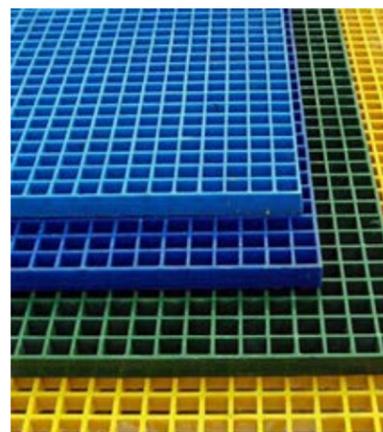

FEATURED PRODUCT

FRP PRODUCTS

FRP MOULDED FIBREGLASS GRATING

Slip/fall accidents are one of the greatest dangers in industrial environments, costing employers time and money. Fibreglass Grating offers a wide variety of surfaces that assist in eliminating dangers

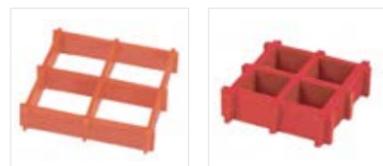

- ✓ An assortment of standard colours available.
- ✓ Stair treads and stair tread covers available
- ✓ Ideally versatile for Australian landscapes and climate

Pultruded Structural FRP Profiles

- ✓ Reinforced polymer products
- ✓ High density but light weight
- ✓ Anti-corrosive
- ✓ Electric & heat insulated
- ✓ Flame retardant
- ✓ Low-temperature resistance
- ✓ Easy maintenance

WALKWAY GRATING

- ✓ Welded Grating
- ✓ Expanded Mesh Grating
- ✓ Stair Treads
- ✓ Non Slip Stair Tread & Ladder Rungs Nosings
- ✓ Various sizes available
- ✓ Finishes: Unpainted, Galvanized, Smooth and Serrated.
- ✓ Available in stainless steel, aluminum and fiberglass.

DRILLING

VersaDrive™ ImpactaTaps® Drill Taps are a time saving solution for pilot drilling and tapping in one easy operation. The titanium nitride coating provides wear resistance and faster cutting performance.

VersaDrive Combi Drill-Tap Set,
M5, M6, M8, M10, M12

- ✓ Specially hardened for impact wrench use
- ✓ Drill and tap in one easy operation
- ✓ Safer tapping with minimal kick-back
- ✓ Ground flute twist drill creates the perfect tapping hole
- ✓ Titanium nitride coating reduces heat and increases lubricity for extended life
- ✓ High strength, non-slip shank design

A wide range of VersaDrive Combi Sets available:

IMPACTASTEP Cutter Set
16, 22, 26mm

TurboTip Impact Drill Bit Set
6, 7, 8, 9, 10, 11, 12mm
